

Whistleblower system

At Euroquarz GmbH, part of the Possehl Construction Group, employees have the option of contacting an internal, outsourced and independent whistleblower portal if they suspect or are aware of illegal or unethical conduct, thereby helping to uncover violations of rules.

You can report misconduct by employees in our group of companies as well as by our suppliers and service providers in relation to possible legal violations or actions that are damaging to the company, such as corruption, bribery, fraud, other criminal offences, child labour, slavery, lack of occupational safety, exploitation and discrimination.

Whistleblowers will not suffer any disadvantage as a result of reporting. Reports can be made in German and English. Reports can also be made anonymously if desired.
